ITS DEVIOUS WAY

HARD ROAD A BILL MUST TRAVEL TO BECOME A LAW.

RED TAPE HOLDS FAST

Provisions of Senator Craig's White Slave Bill Designed to Protect Society and Unfortunate Women.

(By William Job.)

Jefferson City, Jan. 15.—The senate convened this morning. Several resolutions were offered and quite a number of bills introduced.

Senator Craig's bill pertaining to the white slave question was introduced in brief. It is an act prohibiting the placing of any female in a house of prostitution or compelling them to remain therein; and to prohibit anyone from accepting money without consideration from a prostitute; and to prohibit anyone from keeping a woman in a house of prostitution for debts contracted, and to prohibit anyone from transporting or causing to be transported from one point in the state to another point in the state a female for the purpose of prostitution, and to remove the disqualification of a wife to testify in prosecution.

Senator Craig also introduced bill No. 29, commonly known as the county unit bill.

The committees of the senate have not been announced yet. The committees of the house were given out this morning by Speaker Hull, as the legislative mill has begun to grind.

Possibly some might be interested in knowing the course taken by a bill when introduced. I got pretty well acquainted with the ways of legislation two years ago, as I was placed in positions that brought me nearer to the real work than most of the representatives. First the bill is introduced, numbered consecutively and title read first time by reading clerk. Second it is recorded by minute clerk. Then it is endorsed by endorsing clerk and as many copies ordered printed as agreed upon. The bill is then passed to journal clerk for correct registration of title. Then docketed by docket clerk; delivered to printer; printed and delivered to bill clerk for distribution; brought before the house; title read second time and referred to proper committee; bill to endorsing clerk; to docket clerk; to chairman of committee previously assigned. The chairman reports to house if bill should pass or not; action taken by house. Then the bill goes to endorsing clerk; then to docket clerk; to calendar clerk for placing on calendar for engrossment; then called up in order by reading clerk; called up and ordered engrossed and printed or not; then to endorsing clerk; then to docket clerk; to chairman of engrossing committee if ordered engrossed and printed; to chief engrossing clerk, engrossed and proof read with the original and printed copy; then to printer; to engrossing clerk; proof read with engrossed copy; to chairman of engrossing committee; reported by him to the house; to endorsing clerk; to docket clerk; to calendar clerk for placing on calendar for third reading and passage; called up by reading clerk for third reading and passage; to endorsing clerk; to docket clerk; reported to senate if passed, sending only engrossed by to senate with report; if passed by senate sent to endorsing clerk; to docket clerk; to chairman on committee on enrolled bills; reported to house as truly enrolled; signed by speaker and chief clerk, and reported to senate, signed by senate officials, and the enrolled bill is delivered to the governor for his approval or veto. This is the course any bill presented in the house or vice versa, provided it has clear sailing by not being reported unfavorable or amended, which is not often the case, as most all bills have some amendments attached before they get through. Space won't permit me to explain further. Some may think this is quite a little unnecessary red tape, but I can't altogether agree with you. When a measure is up of importance and it is fought fiercely it is very necessary to guard it at every turn, and all clerks through whose hands it passes are required to make a record of it, and are held responsible for the bill and amendments thereto attached.

Benjamin Wilson of Parnell was a city visitor Thursday and Friday.

DEMONSTRATION LUNCHEON.

Gave a Six Course Luncheon to Six Persons at a Cost of $1.25.

Wednesday, January 15, Misses Margaret McDougal and Mabel Hyder of the home economics department of the Northwest Normal school gave a six course luncheon in demonstration of planning a well balanced diet in proper proportions of all food principles and in the economy of marketing and serving, practice in serving and waiting on tables. The heat units were calculated in terms of calories to determine that the menu was properly balanced as to food units.

The decorations were petunias, and conventionalized petunias on place cards. The limit of the cost was $1.25 for serving six persons. The guests were Miss Helen Burris, hostess; President H. K. Taylor, host; Miss Hettie Anthony, critic; Mrs. R. L. McDougal, Miss Mattie Simmons and Miss Elizabeth Clasby. The menu was as follows:

Cream of Celery Soup. Croutons.
Fried Oysters. Horseradish.
Creamed Potatoes. Hot Biscuits.
Pineapple Salad.
Baked Bananas. Whipped Cream.
Coffee. Bon Bons.

The luncheon was an effective demonstration of the valuable work done in this department under the direction of Miss Anthony and reflected credit upon Misses McDougal and Hyder for their ability, skill and good taste in preparing and serving an elegant but inexpensive luncheon.

WHY THE HEN WON'T LAY.

A Maryville Business Man Has Given the Matter Much Study and Has Reached Some Conclusions.

The egg question has been receiving a good deal of attention throughout the country, partly because of the big profit to the producer, and the other part because of the high price to the consumer.

A Maryville business man, who has been trying to think out the whys and wherefores as he has read and observed from experience, for he is a small producer himself and has always been in position to note the success or failure of people in the poultry business, here and elsewhere, in talking to a Democrat-Forum reporter Thursday, said:

"There is a total loss of from $40,000,000 to $50,000,000 yearly in the United States, caused by the poor handling and improper care of eggs. Get that? Between $40,000,000 and $50,000,000.

"It starts with the producer, and there is a waste and loss all along the line. This loss is distributed and is borne by the producer, the dealer in the country, the railroad company, and finally the consumer.

"One of the heaviest losses is that caused by broken and cracked eggs. This is the big problem, and it is caused by careless handling on the farm, in the store, and all along the line, until it reaches its destination.

"Another of the heavy losses is that caused by neglest in gathering the eggs and improper care in handling on the farm. Good eggs will bring a good price the year through, but mixing good, bad and cracked eggs the quality is demoralized as well as the price.

"Would it not be well to start a campaign for the better handling and care of eggs in this country?"

So, Mr. Producer, we believe you will agree with the Maryville Business Man when he says that this great problem of loss may be overcome almost entirely by "beginning at the beginning," and you should be the big factor in this campaign. If we take good care of the eggs we get we will find that the reliable hen is not laying down on her job at all, but is doing her part all the time. The fault lies with those who have the care of her fruitage. If she could talk she could tell many tales of ruthless waste and neglect of her substance on the farm, where such things are so plentiful they lose value in the eyes of their owner.

NOAH BEILHARZ TONIGHT.

Noted Reader to Give "The Hoosier Schoolmaster"—Prof. Miller Gave Selections at Chapel.

At the Normal chapel this morning Prof. Harry Miller of the department of public speaking gave the faculty and students a good idea of the treat they are to have tonight in listening to the interpretation of Edgerton's "The Hoosier Schoolmaster" by Noah Beilharz, as the third number of the Normal lecture course, at the First Methodist church.

Mr. Miller read two selections from "The Hoosier Schoolmaster," and if Mr. Beilharz's interpretation of the entire piece is as clever as were the two selections given by Prof. Miller, tonight's audience may be assured of a very enjoyable evening.

SENTENCES FOR MEN IN COUNTY JAIL FRIDAY.

JOHN BEARY 5 YEARS

George Barrett Got Three Year Sentence, Frank Gillman Two Years—Sheriff Wallace's First Trip.

A short session of circuit court was held Friday morning with Judge W. C. Ellison on the bench. Three prisoners in the county jail were arraigned and they all pleaded guilty and were given penitentiary sentences.

John Beary and George Barrett, charged with robbery in the second degree, were given five years and three years respectively in the penitentiary. They were charged with breaking into the Dawsonville depot a week ago.

Frank O. Gillman, aged 55 years, whose home is nowhere in particular, was given a two-year term in the penitentiary. He pleaded guilty to larceny from dwelling house. He came to the home of J. N. Meltabarger, who lives on the O. F. Wilson farm, near Burlington Junction, and was kept there four days and nights, Gillman claiming that he was a sick man and unable to go further. On the last night there Gillman took $4.45 and a pair of overshoes. He was arrested last Friday by Sheriff Wallace.

The three prisoners will be taken to Jefferson City by Sheriff Wallace within a day or so. This will be Sheriff Wallace's first trip to the pen as sheriff of the county.

When these three prisoners are taken there will be only two prisoners left in the county jail. They are Ed Flemming and Cecil Stackhouse.

CARE IN FEEDING PAYS.

Floyd Brown's Durocs Topped Wednesday's Hog Market.

That particular care in handling and feeding live stock pays good dividends, is the belief of Floyd Brown of Skidmore. Brown not only believes it, but carries it out into practice. He is one of the young farmers and stockmen of his section who are farming and handling live stock on up-to-date principles. Brown takes considerable pride in his herd of Duroc Jersey hogs. He was on the St. Joseph market Wednesday with a load of his favorite breed of porkers. They were well finished for their weights and brought the top price of the day. The eighty-three head in his shipment averaged 226 pounds, and sold at $7.20.—Live Stock Journal.

HE WANTS $2,500

THE SECOND PRICE DAMAGE SUIT AGAINST THE CITY.

BANK SUES ON A NOTE

Burlington Junction Woman Would Like Divorce From Gentry County Man—C. G. W. R. R. Sued.

Another suit against the city was filed Friday by J. G. Price for $2,500 damages. Mr. Price is the husband of Mrs. Laura Price, who sued the city on Thursday for $2,500 damages for injuries sustained on a bad sidewalk on Fillmore street. The attorneys for Mr. Price are Cook, Cummins & Dawson.

The petition states that on account of the city's negligence to repair the sidewalk, Mrs. Price sustained injuries which confined her to her bed for a number of weeks, and she was unable to perform her usual and ordinary duties. The petition further claims that the defendant was caused to pay out and to become liable for a great deal of money for doctors, and to hire servants to do housework. It also says that the injuries sustained are permanent.

The sum of $2,500 is asked for and the petition states that the plaintiff is deprived of the comfort, society and services and assistance of his wife by the negligence of the city.

Another suit filed Friday was a divorce suit. Althea Sexton, who lives near Burlington Junction, is suing for a divorce from Ben Sexton, who resides in Gentry county. According to the petition they were married on December 1, 1909, in Nodaway county, and lived together until October 15, 1911, when defendant left without reasonable cause. The petition claims that the defendant has failed and refused to support the plaintiff and child about two years old. A divorce is asked for and also the care and custody of the child. W. E. Wiles is the attorney for the plaintiff.

M. W. Graham is suing the Chicago Great Western for $150 damages for killing a cow valued at $75. The petition states that the cow was struck by a locomotive at a place where the track passes the plaintiff's place, and that the accident was due to the railroad's negligence in failing to keep up the fence.

The Nodaway Valley bank brought suit Friday against J. N. and George D. Montgomery. The petition alleges that the bank loaned the defendants $500 on July 16, 1912, to be payable in one month, and that the note is still due. F. P. Robinson is the attorney for the bank.

FIRE NEAR BARNARD.

Old Family Residence on the Dr. T. O. Ellis Farm, West of Barnard, Burned at Noon Friday.

The eight room residence on the 660-acre Ellis farm, three miles west of Barnard, that is leased by Eugene Ogden of Maryville, was burned to the ground at noon Friday.

The residence was occupied by W. C. Hale and his family. The fire was discovered about 11:30 o'clock, shortly after Mr. Hale had finished cleaning out the well at the house, and there was no water near enough to the house for the family to fight the fire with. The whole roof was on fire when discovered. Nearly all the bedding was lost, but the furniture and clothing on the first floor was saved. The house had burned to the ground by noon.

Mr. Hale and his family are at the residence of Jacob Outs, a neighbor, for the present.

The residence was built by the late Dr. T. C. Ellis of Barnard, was one of the oldest in that section of the country, and was a fine residence in its time. The building was insured, but the contents were not.

TIED FOR SECOND PLACE.

High School Defeated Pirates by Close Score—Normals Fattened at Expense of Business College.

	Won.	Lost.	Pr.ct
Normal	6	0	1.000
Pirates	3	3	.500
High school	3	3	.500
Business college	0	6	.000

The fact that team work wins over individual playing in basket ball was finely demonstrated Thursday afternoon at the Normal gymnasium when the Pirates, a team composed of veteran players, some of whom won their letters as members of 'varsity teams, were outplayed and defeated by the high school five in the first game of a double-header in the city basket ball tournament. As the 14 to 15 score will indicate, the game was very close throughout, the victors finishing ahead in the first half 10 to 5. There was a great deal of unnecessary roughness from the sound of the opening whistle to the close of the game, and at times the contest was more like a battle royal than a basket ball game.

In the second game of the afternoon the Business college five was given another shove farther into the cellar when they were beaten by the Normals 32 to 4. The Normal regulars only played about half of the game, and then they displayed very poor form. The second and part of the third team played the remainder of the game against the collegians and displayed better form than did the regulars.

The third and final round of the city tournament begins next Thursday afternoon, with the Pirates playing the Normals and the high school five opposing the business men. The teachers have first place cinched, but after the high school's victory last night they have an equal chance with the Pirates for second place.

London, Jan. 17.—The collective note of the powers has not yet been presented to the porte. Mrs. Wright went to Washington about twelve years ago and made a signal success of the millinery business at Walla Walla, and later in Portland. The Portland Journal said of the wedding, which took place New Year's eve: "Arthur Skinner of Walla Walla, Wash., and Mrs. Inez Torrance Wright of Portland were married Tuesday evening at the home of the bride's brother in Rossmere. The ceremony was performed by the Rev. Boudinet Seeley, according to the Presbyterian ritual. Mr. and Mrs. Skinner will reside in Walla Walla, near Whitman college, where the bride lived several years ago. Mr. Skinner is secretary of the Gilbert Hunt Company. The marriage came as quite a surprise to the business and social friends of the groom in Walla Walla, where he was considered one of the list of confirmed bachelors."

CHEERFUL NEWS

For Feeble Old People.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectually than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil is the ideal strengthener and body builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

A grand niece of Alexander Hamilton over eighty years of age once remarked: "Vinol is a god-send to old people. Thanks to Vinol I have a hearty appetite, sleep soundly, feel active and well. It is the finest tonic and strength creator I have ever used."

If Vinol fails to build up the feeble, old people, and create strength we will return your money. Orear-Henry Drug Co.—Advertisement.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

YOU CAN BANK ON ZEMO FOR ECZEMA!

A 25c Bottle Will Prove It Absolutely.

Your skin will revel with joy the moment you apply the new remedy, ZEMO "Glory, but isn't it great!" ZEMO is a liquid. You rub it on the affected part, it sinks right in, and then it's goodbye to all that terrible itching, to every eczema sore, eczema pain, pimples, blackheads, blotches, rashes, sores and prickly heat. Yes, they all go; they've got to go. And how clear, smooth and spotless it leaves the skin! Dandruff disappears, too. ZEMO is safe absolutely.

Use ZEMO for irritated, raw and inflamed skin; for cuts, sores and hives and feel the difference at once. Children especially who suffer from skin affliction will go wild over it. ZEMO is guaranteed to stop itching.

ZEMO is sold at drug stores, in 25-cent and $1 bottles, or sent direct, on receipt of price, by E. W. Rose Medicine Co., St. Louis, Mo. The $1 bottle contains six times as much as the 25-cent bottle.

How Any Woman Can Cure Indigestion.

Most stomach remedies are makeshifts—they give relief but afterward the stomach is just as weak, just as unable to digest the food as it was before.

Women especially should not depend on relievers only. MI-O-NA Stomach Tablets not only give prompt relief but they put strength and elasticity into the stomach walls and cause the digestive juices to act naturally.

They do more; they force the digestive organs to supply the blood with pure nourishment which is carried to the muscles, nerves, brain and skin. Result: healthy muscles, strong nerves, clear head, and clean skin. The Orear-Henry Drug Co. guarantees MI-O-NA Stomach Tablets—50 cents.—Advertisement.

NEWS FROM OVER COUNTY

Taken to Hospital.

Mrs. Phil Miller of Burlington Junction went to Maryville Tuesday, where she will undergo a surgical operation at St. Francis hospital some time this week. She has been in poor health for several months and her physicians decided that an operation was necessary for her to regain her health. Mrs. Miller will be confined to the hospital two or three weeks.—The Post.

The directors and stockholders of the Northwestern bank of Burlington Junction held their annual meeting in the directors' room of the bank Tuesday. The same officers and directors were elected for another year. They are: T. A. Corken, president; Enos Fast, vice president; R. N. Barber, cashier; directors, P. Cummins, Enos Fast, C. D. Nicholas, T. A. Corken, C. A. Wolfers, E. C. Wolfers.

Five Conversions at Meetings.

The M. E. church at Pickering is holding revival meetings, and at the service Thursday there were five conversions. A large chorus choir is under the direction of Rev. C. H. Sauceman of Skidmore. The meetings are being well attended and a great deal of interest is being taken. Rev. Deuker is the pastor of the church. Rev. Sauceman will preach at the service to be held Sunday.

Shot One of His Fingers.

M. F. Fox of Skidmore was in Burlington Junction Sunday on his way home from Maryville, where he had taken his son, Richard, for treatment at the hospital. Richard shot one of his fingers three weeks ago while handling a 22-calibre revolver. Nothing was thought of the injury for some time, but a few days ago it became infected and the physicians advised Mr. Fox to take his son to the hospital for treatment. It is thought that an amputation of the finger will not be necessary.—Burlington Junction Post.

Fifty Bushels an Acre.

W. C. Rhinehart, who lives on the A. C. Nicholas farm, three miles south of Burlington Junction, finished husking corn three weeks ago and the yield this year came near equaling the record crop he raised last season. He was delayed in gathering the corn this year by the new ditch, and when the bridge was built so the stream could be crossed, he put six teams in the field. It required just eight and a half days for the men to husk the crop—5,052 bushels in all. This yield came from 105 acres, making an average of almost fifty bushels to the acre. He had five acres more in corn last year than this and the yield amounted to 6,250 bushels.

Oldest Dollar in County—Probably.

All you old coin fellows will now have to come again. H. W. Montgomery has dug up one that has passed the century mark by fifteen years, says the Skidmore New Era. It is a United States silver dollar and bears the stamp of 1798, or dropped from the mint in the second year of the senior Adams' administration. If that old dollar could talk what a wonderful story it could tell. This dollar was given to Mr. Montgomery by his father when he was 10 years old, and he prizes it very highly not only as a souvenir but as a keepsake. All these years he has consciously realized that he has never been entirely "broke."

Mr. Montgomery also has a Spanish coin which is over 120 years old. This silver piece was plowed up several years ago in this township and was probably lost on an Indian trail when this part of the country belonged to the red men of America.

GOOD ADVICE.

A Maryville Citizen Gives Information of Priceless Value.

When you suffer from backache,
Headaches, dizziness, nervousness,
Feel weak, languid, depressed,
Have annoying urinary disorders;
Do you know what to do?
Some Maryville people do.
Read the statement that follows.
It's from a Maryville citizen.
Testimony that can be investigated.

T. J. Clayton 308 South Dewey street, Maryville, Mo., says. "We got Doan's Kidney Pills from Love & Gaugh's drug store and they were used for kidney trouble. They brought lasting relief and I am willing to endorse them."

Mr. Clayton is only one of many Maryville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Clayton had—the remedy backed by home testimony. 50c all stores. CLEANSE YOUR LIVER AND BOWELS WITH DELICIOUS "SYRUP OF FIGS"

REMOVES THE SOUR BILE, GASES AND CLOGGED-UP WASTE WITHOUT GRIPE OR NAUSEA—NO HEADACHE, INDIGESTION, CONSTIPATION, BILIOUSNESS OR COATED TONGUE.

Foul breath, coated tongue, dull, throbbing headache, stomach sour and full of gases, indigestion, biliousness and a sallow complexion, mean that your thirty feet of bowels are clogged with waste matter; that these drainage organs of the body are obstructed; liver stagnant and stomach full of poisonous gases, sour bile and undigested, fermenting food not properly carried off.

Most of our ills are caused by constipated bowels. We all need a laxative sometimes; nobody can doubt that. The only question is, which one is the best? And that isn't a question any more. Syrup of Figs, being composed entirely of luscious figs, senna and aromatics, must act in a harmless, gentle and natural way. Syrup of Figs can be constantly used without injury. Its action is the action of fruit—of eating coarse food—of taking exercise. It is a true and effective liver and bowel cleanser and regulator.

Most folks dread physic—they shrink from the taste and after effects. Syrup of Figs is delicious, and, besides, you don't realize you have taken anything until morning, when all the clogged up waste of the system is gently but thoroughly moved on and out of the bowels without griping or weakness.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." This is the old reliable and only genuine. Refuse, with contempt, any other Fig Syrup recommended as good. They are imitations meant to deceive you. Read the label carefully and look for the name California Fig Syrup Company.—Advertisement.

FORGETS TO CLAIM LEGACY

Absent Minded Man Neglects Appointment to Receive $62,500.

St. Louis, Jan. 17.—Pascal Hixon, a railroad clerk, is so absent minded he forgot an appointment at which he was to claim a legacy of $62,500, to which he is heir, and the police were called upon to remind him.

Hixon's father, George L. Hixon of Chattanooga, died about a month ago, leaving an estate valued at $125,000 to his sons, Pascal and George, Jr. His family had lost track of Pascal for some years, but he finally answered an advertisement inserted by his brother in a St. Louis paper. It was arranged that he was to meet his brother in Chattanooga to claim his share of the estate, but he forgot to go.

His brother notified the police to find him, buy his ticket and see that he got on the train, which they did.

OBJECTS TO DEATH CELL

Jack Johnson Annoyed by Spooks in Chicago Jail.

Chicago, Jan. 17.—Jack Johnson, suffering from an old-fashioned case of "nants," limped into the office of Charles F. Dewoody of the federal court and complained bitterly because he was detained in one of the death cells at the county jail after his return from Battle Creek, Mich.

The negro swore "spooks" made merry around his cell all night, some of them dancing about the floor and others amusing themselves by tapping on the outside of the iron cage.

"I'm all bunged up," Johnson said. "For the first time in my life I'm suffering from a weak back. That's due to my thrashing all night when the spooks were bothering me. Look here!"—and he displayed part of a large porous plaster on his back.

"I thought you had a comfortable room," Dewoody said.

"No complaint on the size," Johnson replied, "but just think of sleeping in a room where many men have spent their last night on earth. I'd rather jump from the top of a twenty-story building than repeat that experience."

ARSON TRUST IN CHICAGO

Firebugs Are in League With Certain Insurance Adjusters.

Chicago, Jan. 17.—With the indictment of Joseph Clarke for an alleged attempt to bribe an assistant state's attorney not to prosecute an arson case, as a text, A. A. Bach, state fire marshal, told a remarkable story of organized incendiarism.

"Chicago has the highest fire insurance rate of any city in the country and 10 per cent of its fires are incendiary," Bach said.

"The firebugs are not banded together as one gang, but there are several groups at work and the rivalry among the different bands is as keen as in the competition between any class of tradesmen. There are three men in Chicago known as insurance adjusters who often get to fires before firemen. They sleep with their clothes on, have automobiles in readiness and receiving tips that a fire is about to be started are on their way almost before an alarm comes in.

"The adjusters do not actually start fires themselves; they employ men to do that—men who actually solicit the business. The adjusters make their money by adjusting the losses.

"The inquiry gradually is widening and now involves officials of insurance companies and fire adjusters."

ITS DEVIOUS WAY

HARD ROAD A BILL MUST TRAVEL TO BECOME A LAW.

RED TAPE HOLDS FAST

Provisions of Senator Craig's White Slave Bill Designed to Protect Society and Unfortunate Women.

(By William Job.)

Jefferson City, Jan. 15.—The senate convened this morning. Several resolutions were offered and quite a number of bills introduced.

Senator Craig's bill pertaining to the white slave question was introduced in brief. It is an act prohibiting the placing of any female in a house of prostitution or compelling them to remain therein; and to prohibit anyone from accepting money without consideration from a prostitute; and to prohibit anyone from keeping a woman in a house of prostitution for debts contracted, and to prohibit anyone from transporting or causing to be transported from one point in the state to another point in the state a female for the purpose of prostitution, and to remove the disqualification of a wife to testify in prosecution.

Senator Craig also introduced bill No. 29, commonly known as the county unit bill.

The committees of the senate have not been announced yet. The committees of the house were given out this morning by Speaker Hull, as the legislative mill has begun to grind.

Possibly some might be interested in knowing the course taken by a bill when introduced. I got pretty well acquainted with the ways of legislation two years ago, as I was placed in positions that brought me nearer to the real work than most of the representatives. First the bill is introduced, numbered consecutively and title read first time by reading clerk. Then it is endorsed by endorsing clerk and as many copies ordered printed as agreed upon. The bill is then passed to journal clerk for correct registration of title. Then docketed by docket clerk; delivered to printer; printed and delivered to bill clerk for distribution; brought before the house; title read second time and referred to proper committee; bill to endorsing clerk; to docket clerk; to chairman of committee previously assigned. The chairman reports to house if bill should pass or not; action taken by house. Then the bill goes to endorsing clerk; then to docket clerk; to calendar clerk for placing on calendar for engrossment; then called up in order by reading clerk; called up and ordered engrossed and printed or not; then to endorsing clerk; then to docket clerk; to chairman of engrossing committee if ordered engrossed and printed; to chief engrossing clerk, engrossed and proof read with the original and printed copy; then to printer; to engrossing clerk; proof read with engrossed copy; to chairman of engrossing committee; reported by him to the house; to endorsing clerk; to docket clerk; to calendar clerk for placing on calendar for third reading and passage; called up by reading clerk for third reading and passage; to endorsing clerk; to docket clerk; reported to senate if passed, sending only engrossed by to senate with report; if passed by senate sent to endorsing clerk; to docket clerk; to chairman on committee on enrolled bills; reported to house as truly enrolled; signed by speaker and chief clerk, and reported to senate, signed by senate officials, and the enrolled bill is delivered to the governor for his approval or veto. This is the course any bill presented in the house or vice versa, provided it has clear sailing by not being reported unfavorable or amended, which is not often the case, as most all bills have some amendments attached before they get through. Space won't permit me to explain further. Some may think this is quite a little unnecessary red tape, but I can't altogether agree with you. When a measure is up of importance and it is fought fiercely it is very necessary to guard it at every turn, and all clerks through whose hands it passes are required to make a record of it, and are held responsible for the bill and amendments thereto attached.

Benjamin Wilson of Parnell was a city visitor Thursday and Friday.

DEMONSTRATION LUNCHEON.

Gave a Six Course Luncheon to Six Persons at a Cost of $1.25.

Wednesday, January 15, Misses Margaret McDougal and Mabel Hyder of the home economics department of the Northwest Normal school gave a six course luncheon in demonstration of planning a well balanced diet in proper proportions of all food principles and in the economy of marketing and serving, practice in serving and waiting on tables. The heat units were calculated in terms of calories to determine that the menu was properly balanced as to food units.

The decorations were petunias, and conventionalized petunias on place cards. The limit of the cost was $1.25 for serving six persons. The guests were Miss Helen Burris, hostess; President H. K. Taylor, host; Miss Hettie Anthony, critic; Mrs. R. L. McDougal, Miss Mattie Simmons and Miss Elizabeth Clasby. The menu was as follows:

Cream of Celery Soup. Croutons.
Fried Oysters. Horseradish.
Creamed Potatoes. Hot Biscuits.
Pineapple Salad.
Baked Bananas. Whipped Cream.
Coffee. Bon Bons.

The luncheon was an effective demonstration of the valuable work done in this department under the direction of Miss Anthony and reflected credit upon Misses McDougal and Hyder for their ability, skill and good taste in preparing and serving an elegant but inexpensive luncheon.

WHY THE HEN WON'T LAY.

A Maryville Business Man Has Given the Matter Much Study and Has Reached Some Conclusions.

The egg question has been receiving a good deal of attention throughout the country, partly because of the big profit to the producer, and the other part because of the high price to the consumer.

A Maryville business man, who has been trying to think out the whys and wherefores as he has read and observed from experience, for he is a small producer himself and has always been in position to note the success or failure of people in the poultry business, here and elsewhere, in talking to a Democrat-Forum reporter Thursday, said:

"There is a total loss of from $40,000,000 to $50,000,000 yearly in the United States, caused by the poor handling and improper care of eggs. Get that? Between $40,000,000 and $50,000,000.

"It starts with the producer, and there is a waste and loss all along the line. This loss is distributed and is borne by the producer, the dealer in the country, the railroad company, and finally the consumer.

"One of the heaviest losses is that caused by broken and cracked eggs. This is the big problem, and it is caused by careless handling on the farm, in the store, and all along the line, until it reaches its destination.

"Another of the heavy losses is that caused by neglest in gathering the eggs and improper care in handling on the farm. Good eggs will bring a good price the year through, but mixing good, bad and cracked eggs the quality is demoralized as well as the price.

"Would it not be well to start a campaign for the better handling and care of eggs in this country?"

So, Mr. Producer, we believe you will agree with the Maryville Business Man when he says that this great problem of loss may be overcome almost entirely by "beginning at the beginning," and you should be the big factor in this campaign. If we take good care of the eggs we get we will find that the reliable hen is not laying down on her job at all, but is doing her part all the time. The fault lies with those who have the care of her fruitage. If she could talk she could tell many tales of ruthless waste and neglect of her substance on the farm, where such things are so plentiful they lose value in the eyes of their owner.

NOAH BEILHARZ TONIGHT.

Noted Reader to Give "The Hoosier Schoolmaster"—Prof. Miller Gave Selections at Chapel.

At the Normal chapel this morning Prof. Harry Miller of the department of public speaking gave the faculty and students a good idea of the treat they are to have tonight in listening to the interpretation of Edgerton's "The Hoosier Schoolmaster" by Noah Beilharz, as the third number of the Normal lecture course, at the First Methodist church.

Mr. Miller read two selections from "The Hoosier Schoolmaster," and if Mr. Beilharz's interpretation of the entire piece is as clever as were the two selections given by Prof. Miller, tonight's audience may be assured of a very enjoyable evening.

SENTENCES FOR MEN IN COUNTY JAIL FRIDAY.

JOHN BEARY 5 YEARS

George Barrett Got Three Year Sentence, Frank Gillman Two Years—Sheriff Wallace's First Trip.

A short session of circuit court was held Friday morning with Judge W. C. Ellison on the bench. Three prisoners in the county jail were arraigned and they all pleaded guilty and were given penitentiary sentences.

John Beary and George Barrett, charged with robbery in the second degree, were given five years and three years respectively in the penitentiary. They were charged with breaking into the Dawsonville depot a week ago.

Frank O. Gillman, aged 55 years, whose home is nowhere in particular, was given a two-year term in the penitentiary. He pleaded guilty to larceny from dwelling house. He came to the home of J. N. Meltabarger, who lives on the O. F. Wilson farm, near Burlington Junction, and was kept there four days and nights, Gillman claiming that he was a sick man and unable to go further. On the last night there Gillman took $4.45 and a pair of overshoes. He was arrested last Friday by Sheriff Wallace.

The three prisoners will be taken to Jefferson City by Sheriff Wallace within a day or so. This will be Sheriff Wallace's first trip to the pen as sheriff of the county.

When these three prisoners are taken there will be only two prisoners left in the county jail. They are Ed Flemming and Cecil Stackhouse.

CARE IN FEEDING PAYS.

Floyd Brown's Durocs Topped Wednesday's Hog Market.

That particular care in handling and feeding live stock pays good dividends, is the belief of Floyd Brown of Skidmore. Brown not only believes it, but carries it out into practice. He is one of the young farmers and stockmen of his section who are farming and handling live stock on up-to-date principles. Brown takes considerable pride in his herd of Duroc Jersey hogs. He was on the St. Joseph market Wednesday with a load of his favorite breed of porkers. They were well finished for their weights and brought the top price of the day. The eighty-three head in his shipment averaged 226 pounds, and sold at $7.20.—Live Stock Journal.

HE WANTS $2,500

THE SECOND PRICE DAMAGE SUIT AGAINST THE CITY.

BANK SUES ON A NOTE

Burlington Junction Woman Would Like Divorce From Gentry County Man—C. G. W. R. R. Sued.

Another suit against the city was filed Friday by J. G. Price for $2,500 damages. Mr. Price is the husband of Mrs. Laura Price, who sued the city on Thursday for $2,500 damages for injuries sustained on a bad sidewalk on Fillmore street. The attorneys for Mr. Price are Cook, Cummins & Dawson.

The petition states that on account of the city's negligence to repair the sidewalk, Mrs. Price sustained injuries which confined her to her bed for a number of weeks, and she was unable to perform her usual and ordinary duties. The petition further claims that the defendant was caused to pay out and to become liable for a great deal of money for doctors, and to hire servants to do housework. It also says that the injuries sustained are permanent.

The sum of $2,500 is asked for and the petition states that the plaintiff is deprived of the comfort, society and services and assistance of his wife by the negligence of the city.

Another suit filed Friday was a divorce suit. Althea Sexton, who lives near Burlington Junction, is suing for a divorce from Ben Sexton, who resides in Gentry county. According to the petition they were married on December 1, 1909, in Nodaway county, and lived together until October 15, 1911, when defendant left without reasonable cause. The petition claims that the defendant has failed and refused to support the plaintiff and child about two years old. A divorce is asked for and also the care and custody of the child. W. E. Wiles is the attorney for the plaintiff.

M. W. Graham is suing the Chicago Great Western for $150 damages for killing a cow valued at $75. The petition states that the cow was struck by a locomotive at a place where the track passes the plaintiff's place, and that the accident was due to the railroad's negligence in failing to keep up the fence.

The Nodaway Valley bank brought suit Friday against J. N. and George D. Montgomery. The petition alleges that the bank loaned the defendants $500 on July 16, 1912, to be payable in one month, and that the note is still due. F. P. Robinson is the attorney for the bank.

FIRE NEAR BARNARD.

Old Family Residence on the Dr. T. O. Ellis Farm, West of Barnard, Burned at Noon Friday.

The eight room residence on the 660-acre Ellis farm, three miles west of Barnard, that is leased by Eugene Ogden of Maryville, was burned to the ground at noon Friday.

The residence was occupied by W. C. Hale and his family. The fire was discovered about 11:30 o'clock, shortly after Mr. Hale had finished cleaning out the well at the house, and there was no water near enough to the house for the family to fight the fire with. The whole roof was on fire when discovered. Nearly all the bedding was lost, but the furniture and clothing on the first floor was saved. The house had burned to the ground by noon.

Mr. Hale and his family are at the residence of Jacob Outs, a neighbor, for the present.

The residence was built by the late Dr. T. C. Ellis of Barnard, was one of the oldest in that section of the country, and was a fine residence in its time. The building was insured, but the contents were not.

TIED FOR SECOND PLACE.

High School Defeated Pirates by Close Score—Normals Fattened at Expense of Business College.

	Won.	Lost.	Pr.ct
Normal	6	0	1.000
Pirates	3	3	.500
High school	3	3	.500
Business college	0	6	.000

The fact that team work wins over individual playing in basket ball was finely demonstrated Thursday afternoon at the Normal gymnasium when the Pirates, a team composed of veteran players, some of whom won their letters as members of 'varsity teams, were outplayed and defeated by the high school five in the first game of a double-header in the city basket ball tournament. As the 14 to 15 score will indicate, the game was very close throughout, the victors finishing ahead in the first half 10 to 5. There was a great deal of unnecessary roughness from the sound of the opening whistle to the close of the game, and at times the contest was more like a battle royal than a basket ball game.

In the second game of the afternoon the Business college five was given another shove farther into the cellar when they were beaten by the Normals 32 to 4. The Normal regulars only played about half of the game, and then they displayed very poor form. The second and part of the third team played the remainder of the game against the collegians and displayed better form than did the regulars.

The third and final round of the city tournament begins next Thursday afternoon, with the Pirates playing the Normals and the high school five opposing the business men. The teachers have first place cinched, but after the high school's victory last night they have an equal chance with the Pirates for second place.

Stella Goodspeed Brown is Dead.

Frank Goodspeed, living three miles southeast of Maryville, received a telegram Friday morning from Mrs. Goodspeed announcing the death of their daughter, Mrs. Robert Brown of Auxvasse, Mo. Mrs. Brown had been lingering near death for several weeks from tuberculosis and her death was not unexpected to her relatives here, the Ogden and Spickerman families, and Dr. W. H. Brown, who is a cousin of her husband. Mrs. Brown was 26 years old. She was married six years ago. She is survived by her parents and two brothers, Arthur Goodspeed of Bedford, Ia., and Edwin Goodspeed, a student of the Missouri state university.

POWERS' NOTE MEETS DELAY

German Ambassador Fails to Receive Instructions.

London, Jan. 17.—The collective note of the powers has not yet been presented to the porte. Constantinople dispatches say the delay is due to the failure of the German ambassador to receive instructions from his government. These reports have led to charges by part of the European press that Germany is standing outside the concert of Europe and is playing a game of its own.

The journey of King Ferdinand of Bulgaria to Mustapha Pasha for a council of war with General Savoff and the commanders of the four Bulgarian armies is taken as proof that the Bulgarian threat to resume military operations was made in earnest.

DISCUSS M'MANIGAL CASE

Charles W. Miller Confers With Attorney General Wickersham.

Washington, Jan. 17.—Charles W. Miller, United States attorney at Indianapolis, conferred with Attorney General Wickersham and Assistant Attorney General Harr regarding the recent dynamite conspiracy trials. It is understood that Mr. Miller took up with the attorney general the disposition of Ortie E. McManigal, the confessed dynamiter, who was brought to Indianapolis from Los Angeles as a witness in the federal trial, and the question of referring testimony taken at Indianapolis to state authorities for such action as they might desire to take against those alleged to be responsible for the destruction of life or property by dynamite.

Crosby-Anderson Wedding.

Mrs. Sarah E. Crosby and Mr. Daniel H. Anderson of this city were united in marriage Thursday evening at 8 o'clock, at the home of the bride, 122 South Mulberry street. The ceremony was performed by the Rev. Gilbert S. Cox of the First M. E. church, in the presence of near relatives. After congratulations from the guests a two-course luncheon was served. The announcement of this marriage was quite a surprise to the friends of Mr. and Mrs. Anderson. They are excellent people and are entitled to the many happy wishes they are receiving for a long and happy life together. Mr. Anderson had been a resident of Clearmont for many years up to four or five years ago, since which time he and his youngest daughter, Miss Florence Anderson, have been making their home in Maryville with Mr. Anderson's daughter, Mrs. L. Inez Torrance Wright Married.

Mrs. W. J. Staples received announcement Thursday of the marriage of Mrs. Inez Torrance Wright of Portland, Ore., formerly of Maryville. The notice of the wedding given in the society department of the Oregon Sunday Journal of Portland will be read with interest by Maryville friends of the bride. Accompanying the notice were likenesses of the bride and bridegroom, the picture of the bride showing that she has added grace and charm to an already attractive personality. Mrs. Wright went to Washington about twelve years ago and made a signal success of the millinery business at Walla Walla, and later in Portland. The Portland Journal said of the wedding, which took place New Year's eve: "Arthur Skinner of Walla Walla, Wash., and Mrs. Inez Torrance Wright of Portland were married Tuesday evening at the home of the bride's brother in Rossmere. The ceremony was performed by the Rev. Boudinet Seeley, according to the Presbyterian ritual. Mr. and Mrs. Skinner will reside in Walla Walla, near Whitman college, where the bride lived several years ago. Mr. Skinner is secretary of the Gilbert Hunt Company. The marriage came as quite a surprise to the business and social friends of the groom in Walla Walla, where he was considered one of the list of confirmed bachelors."

CHEERFUL NEWS

For Feeble Old People.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectually than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil is the ideal strengthener and body builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

A grand niece of Alexander Hamilton over eighty years of age once remarked: "Vinol is a god-send to old people. Thanks to Vinol I have a hearty appetite, sleep soundly, feel active and well. It is the finest tonic and strength creator I have ever used."

If Vinol fails to build up the feeble, old people, and create strength we will return your money. Orear-Henry Drug Co.—Advertisement.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow. ©

How Any Woman Can Cure Indigestion.

Most stomach remedies are makeshifts—they give relief but afterward the stomach is just as weak, just as unable to digest the food as it was before.

Women especially should not depend on relievers only. MI-O-NA Stomach Tablets not only give prompt relief but they put strength and elasticity into the stomach walls and cause the digestive juices to act naturally.

They do more; they force the digestive organs to supply the blood with pure nourishment which is carried to the muscles, nerves, brain and skin. Result: healthy muscles, strong nerves, clear head, and clean skin. The Orear-Henry Drug Co. guarantees MI-O-NA Stomach Tablets—50 cents.—Advertisement.

Five Conversions at Meetings.

The M. E. church at Pickering is holding revival meetings, and at the service Thursday there were five conversions. A large chorus choir is under the direction of Rev. C. H. Sauceman of Skidmore. The meetings are being well attended and a great deal of interest is being taken. Rev. Deuker is the pastor of the church. Rev. Sauceman will preach at the service to be held Sunday.

Shot One of His Fingers.

M. F. Fox of Skidmore was in Burlington Junction Sunday on his way home from Maryville, where he had taken his son, Richard, for treatment at the hospital. Richard shot one of his fingers three weeks ago while handling a 22-calibre revolver. Nothing was thought of the injury for some time, but a few days ago it became infected and the physicians advised Mr. Fox to take his son to the hospital for treatment. It is thought that an amputation of the finger will not be necessary.—Burlington Junction Post.

Fifty Bushels an Acre.

W. C. Rhinehart, who lives on the A. C. Nicholas farm, three miles south of Burlington Junction, finished husking corn three weeks ago and the yield this year came near equaling the record crop he raised last season. He was delayed in gathering the corn this year by the new ditch, and when the bridge was built so the stream could be crossed, he put six teams in the field. It required just eight and a half days for the men to husk the crop—5,052 bushels in all. This yield came from 105 acres, making an average of almost fifty bushels to the acre. He had five acres more in corn last year than this and the yield amounted to 6,250 bushels.

Oldest Dollar in County—Probably.

All you old coin fellows will now have to come again. H. W. Montgomery has dug up one that has passed the century mark by fifteen years, says the Skidmore New Era. It is a United States silver dollar and bears the stamp of 1798, or dropped from the mint in the second year of the senior Adams' administration. If that old dollar could talk what a wonderful story it could tell. This dollar was given to Mr. Montgomery by his father when he was 10 years old, and he prizes it very highly not only as a souvenir but as a keepsake. All these years he has consciously realized that he has never been entirely "broke."

Mr. Montgomery also has a Spanish coin which is over 120 years old. This silver piece was plowed up several years ago in this township and was probably lost on an Indian trail when this part of the country belonged to the red men of America.

A Maryville Citizen Gives Information of Priceless Value.

When you suffer from backache,
Headaches, dizziness, nervousness,
Feel weak, languid, depressed,
Have annoying urinary disorders;
Do you know what to do?
Some Maryville people do.
Read the statement that follows.
It's from a Maryville citizen.
Testimony that can be investigated.

T. J. Clayton 308 South Dewey street, Maryville, Mo., says. "We got Doan's Kidney Pills from Love & Gaugh's drug store and they were used for kidney trouble. They brought lasting relief and I am willing to endorse them."

Mr. Clayton is only one of many Maryville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Clayton had—the remedy backed by home testimony. 50c all stores. CLEANSE YOUR LIVER AND BOWELS WITH DELICIOUS "SYRUP OF FIGS"

REMOVES THE SOUR BILE, GASES AND CLOGGED-UP WASTE WITHOUT GRIPE OR NAUSEA—NO HEADACHE, INDIGESTION, CONSTIPATION, BILIOUSNESS OR COATED TONGUE.

Foul breath, coated tongue, dull, throbbing headache, stomach sour and full of gases, indigestion, biliousness and a sallow complexion, mean that your thirty feet of bowels are clogged with waste matter; that these drainage organs of the body are obstructed; liver stagnant and stomach full of poisonous gases, sour bile and undigested, fermenting food not properly carried off.

Most of our ills are caused by constipated bowels. We all need a laxative sometimes; nobody can doubt that. The only question is, which one is the best? And that isn't a question any more. Syrup of Figs, being composed entirely of luscious figs, senna and aromatics, must act in a harmless, gentle and natural way. Syrup of Figs can be constantly used without injury. Its action is the action of fruit—of eating coarse food—of taking exercise. It is a true and effective liver and bowel cleanser and regulator.

Most folks dread physic—they shrink from the taste and after effects. Syrup of Figs is delicious, and, besides, you don't realize you have taken anything until morning, when all the clogged up waste of the system is gently but thoroughly moved on and out of the bowels without griping or weakness.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." This is the old reliable and only genuine. Refuse, with contempt, any other Fig Syrup recommended as good. They are imitations meant to deceive you. Read the label carefully and look for the name California Fig Syrup Company.—Advertisement.

OBJECTS TO DEATH CELL

Jack Johnson Annoyed by Spooks in Chicago Jail.

Chicago, Jan. 17.—Jack Johnson suffering from an old-fashioned case of "nants," limped into the office of Charles F. Dewoody of the federal court and complained bitterly because he was detained in one of the death cells at the county jail after his return from Battle Creek, Mich.

The negro swore "spooks" made merry around his cell all night, some of them dancing about the floor and others amusing themselves by tapping on the outside of the iron cage.

"I'm all bunged up," Johnson said. "For the first time in my life I'm suffering from a weak back. That's due to my thrashing all night when the spooks were bothering me. Look here!"—and he displayed part of a large porous plaster on his back.

"I thought you had a comfortable room," Dewoody said.

"No complaint on the size," Johnson replied, "but just think of sleeping in a room where many men have spent their last night on earth. I'd rather jump from the top of a twenty-story building than repeat that experience."

ARSON TRUST IN CHICAGO

Firebugs Are in League With Certain Insurance Adjusters.

Chicago, Jan. 17.—With the indictment of Joseph Clarke for an alleged attempt to bribe an assistant state's attorney not to prosecute an arson case, as a text, A. A. Bach, state fire marshal, told a remarkable story of organized incendiarism.

"Chicago has the highest fire insurance rate of any city in the country and 10 per cent of its fires are incendiary," Bach said.

"The firebugs are not banded together as one gang, but there are several groups at work and the rivalry among the different bands is as keen as in the competition between any class of tradesmen. There are three men in Chicago known as insurance adjusters who often get to fires before firemen. They sleep with their clothes on, have automobiles in readiness and receiving tips that a fire is about to be started are on their way almost before an alarm comes in.

"The adjusters do not actually start fires themselves; they employ men to do that—men who actually solicit the business. The adjusters make their money by adjusting the losses.

"The inquiry gradually is widening and now involves officials of insurance companies and fire adjusters."
